Instructions for Mail / Fax Order Form

Most orders are easily completed online or by phone. If you are unable to use either of these methods, or otherwise have a need to mail or fax your order, complete this order form and send it along with your payment. Please complete the entire form including the calculation of your total.

Step 1: Your Information

In the first section, enter your information. Please complete all applicable fields. Fields listed in **bold** are required. Please note that a phone number is required for all orders. If you do not complete all required fields, we may be unable to complete your order. If you do not provide an email address, we will not be able to email your receipt or registration keys, so please allow additional time for confirmation and delivery of your product.

Product registrations will be issued to the person listed in this section. Registration keys are unique to each person, and are not transferrable.

Step 2: Payment Information

In the second section, select how you will pay for your order. Check the appropriate box, and enter the required information.

For Credit Card Orders: Check the box for the type of card you are using. Enter the credit card number along with the expiration date. Expiration dates should be entered as month/year (ex: 10/2014). Be sure to double check the number.

For Checks, Money Orders, or Purchase Orders: Check the box for the type of payment you are using. For all types, enter the number associated with your payment in the space provided. For checks, enter the check number. For money orders, enter the money order number. For purchase orders, enter the PO number. Include the check, money order, or purchase order with your order form. Purchase orders are accepted from businesses, universities, school districts, and government entities.

Step 3: Products

Next, select the product(s) you'd like to order. The most common products are listed. Check each product you would like to order. In the *Qty* column, enter the number of copies you would like to purchase. The *Total* column will update automatically based on the quantity selected for that particular product. (price x qty).

Many products will be listed twice, once for *Download Only* and once with a box. *Download Only* products are available electronically. Nothing is sent to you. (You will download the product from our website, and use a registration key to activate it.) If you would like to receive a box or a disk with your purchase, check the item which contains a box. Additional shipping and handling charges (*s & h*) will apply.

For StylePack and TransitionPack Titles: These products contain multiple titles. In the space provided, enter the name of the title you would like to purchase.

If the desired product does not appear, check the box for *Other*, enter the name of the product, the quantity and unit price in the *Total* column provided to the right. If the quantity is greater than 1, make sure you multiply the unit price to get the correct total, then enter this amount into the *Total* column on the right for this item.

Pricing for Site License and Special Price Orders: If your order is for a site license or other method that includes special pricing, cross out the normal price and enter the adjusted unit price to the left of the original. Please note we will verify that you are eligible for the price listed before the order is processed. Please allow additional processing time for special price orders.

Step 4: Totals

In the bottom right corner, you will need to total out your order.

Sub Total: The sub total will update automatically based on the quantity selected for each item. (Qty x unit price = item total)

Shipping Charges: If any of the products you are purchasing have 's & h' listed next to their price, you must add shipping to your total. Consult the following chart to get your price. (Charges are per order, not per product). If ordering more than three items or units, contact Photodex at 1-800-37-PHOTO for pricing. Prices are for standard shipping. For faster shipping options, contact Photodex at 1-800-37-PHOTO.

Destination	1-3 Units or Products	4+ Units or Products
United States	\$6.95	Call Photodex
Canada / Mexico	\$13.95	Call Photodex
International / Anywhere Else	\$14.95	Call Photodex

Sales Tax: Apply sales tax *only if you are located in Texas*. For Texas residents, multiply the total price, including shipping, by 8.25%. Total all these items together to get the total price. If you believe your purchase may be tax exempt, please contact Photodex at 1-800-37-PHOTO for assistance.

Total: Add the sub total, shipping & handling, and tax charges together to get your total.

Step 5: Send Us Your Order

Send your completed order form, along with payment, to:

Photodex Corporation
4030 W Braker Ln
Building 2 STE 100
Austin, TX 78759

To fax your order, please fax it to:

Fax: 512-452-6825

If you fax an order that pays by check or money order, your order will not be processed until payment is received. Please send a copy of your order with your payment to assist us with processing.
